BOOKING PROCEDURE

BOAT TOURS IN THE PO DELTA AND COMACCHIO LAGOONS

BOAT TRIP FROM FERRARA TO THE PO GRANDE

River excursion aboard the historic Nena, an old Venetian steamboat.

A guided tour exploring the river origins of the Este city and its development through the Middle Ages and the Renaissance up to the present day. Boarding takes place at the San Paolo dock in Ferrara, on the Po di Volano, located in the heart of the city just steps from the Castle.

We navigate along the waterway that reconnects Ferrara, originally founded on the riverbanks, with the Po River.

A unique perspective of the city, offering a natural corridor where herons, bee-eaters, and turtles live undisturbed. We pass through the Pontelagoscuro lock, then continue with a scenic cruise along the Po, skimming past the Giarina beach, the former Isola Bianca (LIPU Nature Reserve), and spotting the heronry where herons nest.

USEFUL INFORMATION

Duration: 2h30

Meeting point: Darsena San Paolo, Ferrara

SCANO BOA: AMONGST LAGOONS AND REEDBEDS

Amongst the lagoons and reeds of the Delta Park, the border between land and water is ever so fragile.

Navigating the “paradei”, long, thin canals that connect the Po to its saltwater lagoons, we **will travel between the Riserva delle Bocche del Po di Pila, the Oasi della Batteria, and the Burcio and Basson Lagoons.**

Farms that were abandoned in the 50s and the Punta Maistra Lighthouse are the only traces of human activity in what is now unspoilt landscape, just like the last remaining fishing huts constructed of reeds in Scano Boa, the iconic island of the Delta.

USEFUL INFORMATION

Duration: 2h00

Meeting point: Rifugio Canarin, Porto Tolle

THE BIG MOUTH

Navigation on the main branch of the Po Delta Park, the Po di Venezia,

that before reaching the sea branches into three mouths: Busa di Tramontana, Busa Dritta and Busa di Scirocco. From the sun deck of the motor vessel, you will admire the evolution of the river landscape: from the flourishing holms, such as the Oasis of Volta Vaccari, to the impenetrable reed beds that surround the lagoon, to reach the beaches that characterise the extreme outfall zone. **Here, where the river meets the sea, many species of birds,** such as herons, seagulls, cormorants, terns and oystercatchers live and build their nests.

USEFUL INFORMATION

Duration: 3h00

Meeting point: Cà Tiepolo, Porto Tolle

PO DI GORO RIVER, ITS LAGOONS AND THE LIGHTHOUSE

Suggestive navigation along the final stretch of the southernmost branch of the Po di Goro.

Discover an ever-changing environment where land and water, man and nature, coexist in a delicate balance. Moving away from Gorino towards the mouth, a thick reed bed leads to the Adriatic Sea, where a rich avifauna finds refuge. **During the excursion, we will skirt the “Lanterna Vecchia” and the Love Island lighthouse.** Lastly, we will sail through the Gorino Lagoons, which overlook the Sacca di Goro, the area where clam production takes place, the jewel in the crown of the local economy.

USEFUL INFORMATION

Duration: 2h00

Meeting point: Gorino Ferrarese

MINICRUISE IN THE PO DELTA UP TO THE LOVE ISLE

Starting from Porto Garibaldi our motorboats will sail along the Adriatic coast up to the river delta where you will stop at the Love Isle, the last land margin dividing the river from the sea. Afterwards navigation along the branches of the Po di Goro and the Po di Gnocca, to observe “Isola dei Gabbiani” and “Sacca degli Scardovari”. On board we will serve you a delicious seafood meal prepared according to our best traditional recipes.

USEFUL INFORMATION

Duration: 5h30

Meeting point: Porto Garibaldi

THE COMACCHIO LAGOONS BY BOAT

Through an evocative boat tour, you will visit one of the largest brackish areas in Italy, designated as a wetland of international importance by the Ramsar Convention of 1971. Accompanied by an environmental guide, you'll navigate the ancient riverbed of the Po, skirting the former saltworks of Comacchio, now a nesting site for flamingos. The colony is now very large, and sightings during the tour are extremely frequent. **We will stop at the old casoni da pesca (traditional fishing huts), where the guide will explain the fishing techniques, ancient traditions, and customs of the people of Comacchio**, who have been inseparably connected to these environments and to the productive activities that have supported the local population for centuries. The tour includes a visit to the open-air section of the Museo Delta Antico, which features reconstructions of two dwellings from the ancient Etruscan settlement of Spina.

USEFUL INFORMATION

Duration: 2h00

Meeting point: Stazione Foce, Comacchio

PRIVATE BOAT TOURS

PO DI MAISTRA AND GOLENA CA' PISANI

Po di Maistra is the most striking and natural branch of the Delta, the ideal place for birdwatchers. The floodplain of the Pisani Oasis and the ample riparian woods that surround this branch are the ideal habitat for lots of birds, just like the Garzaia of Ca' Venier, the most important breeding site of herons in the Park.

USEFUL INFORMATION

Duration: 2h00
Meeting point: Cà Tiepolo, Porto Tolle

FROM COMACCHIO TO THE EEL FISHING SPOTS

We will sail from the historic centre of Comacchio for a boat exploration of the brackish lagoon, an extraordinary ecosystem that preserves the memory of the ancient Po Delta. We will navigate through a timeless landscape shaped by nature and human activity, reaching the places where the eel, an enigmatic, vulnerable creature and always a precious resource, is caught using traditional methods. Accompanied by an expert, **we will analyse the ongoing changes in the ecosystem**, including the arrival of invasive species, and **reach privileged spots for observing flamingos and other species of waterfowl.** A journey through history and nature that will leave you breathless.

USEFUL INFORMATION

Duration: 1h45
Meeting point: ANMI, Comacchio (FE)

A JOURNEY INTO THE PLACID WATERS OF THE PO

Aboard a small, quiet boat, you'll cross the delicate ecosystem of the Foce del Po di Volano Nature Reserve and discover the evolution and strategic role of this river branch over the centuries. You'll see the Torre della Finanza, an 18th-century watchtower built to control access to the river's mouth, as well as the dense reed beds and the coastal pine forest, before reaching the mouth of the river and entering **the Sacca di Goro, a wide brackish lagoon now largely dedicated to clam farming.**

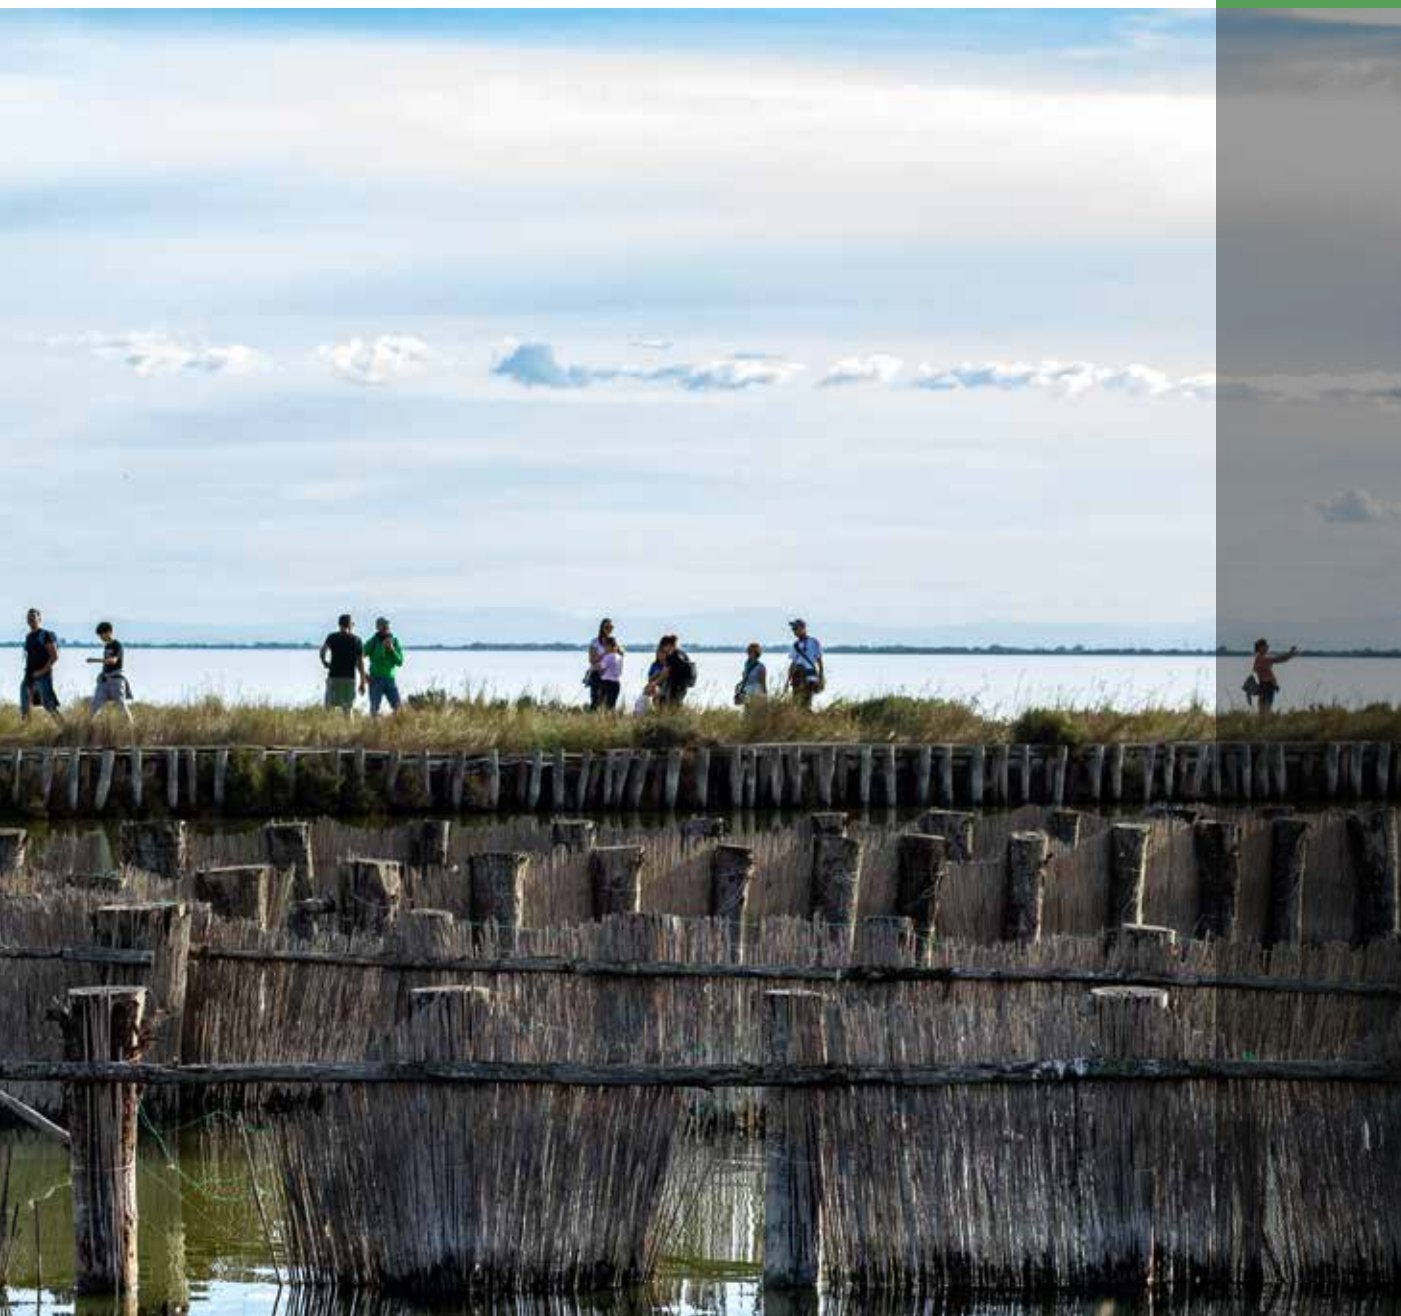

USEFUL INFORMATION

Meeting point: Oasi Canneviè, Volano (FE)

GUIDED TOURS OF THE OASES OF THE PO DELTA PARK

WALKING TOURS

PORTO CALERI BOTANICAL GARDEN

Walking along all the internal trails, over wooden boardwalks and small bridges that cross the forming dunes, potranno essere osservati alcuni degli ambienti tipici del Parco: dalle dune consolidate, al bosco, dallo stagno fino a you'll be able to observe some of the Po Delta Park's most characteristic environments: from stabilised dunes to forest, from ponds to the beach – witnessing how the lush vegetation gradually changes as it nears the sea.

A stunning walkway over the water leads to the Caleri Lagoon, where you can admire the vibrant colours of the barena (salt marsh). **Nowhere else in the Po Delta Park is the concept of "biodiversity" more clearly expressed.**

USEFUL INFORMATION

Duration: 2h30

Meeting point: Via della Bocca Vecchia,
Porto Caleri, Rosolina Mare

BOSCO DELLA MESOLA NATURE RESERVE

A walk along the shaded trails of the centuries-old Gran Bosco della Mesola,

A walk along the shaded trails of the centuries-old Gran Bosco della Mesola, among holm oaks, ash trees, and other important plant species, remnants of a much older and more extensive forest that formed in the Middle Ages on ancient dune ridges.

Along the way, you may encounter the dune deer, the only native population of its kind, a descendant of the Italian red deer.

USEFUL INFORMATION

Duration: 2h30

Meeting point: Parking at the Bosco della Mesola Entrance

OASI CANNEVIE'

Oasi Canneviè is a small brackish wetland located between the mouth of the Po di Volano and the Gran Bosco della Mesola.

The guide will explain how this unique wetland environment was formed over the centuries, leading visitors along narrow trails surrounded by water. Along the way, there are specially designed observation points for spotting **the birdlife that inhabits the oasis: herons, little egrets, ducks, coots, and grebes.**

USEFUL INFORMATION

Duration: 1h30

Meeting point: Oasi Canneviè, Volano (FE)

THE COMACCHIO LAGOON

An expert environmental guide will accompany you along the narrow embankments of the Comacchio Lagoon. You will observe some of the many bird species that inhabit this area, as well as the unique vegetation of the brackish environment. This ecosystem, marked by its “extreme” environmental characteristics due to the high salt concentration, serves as **a resting area for migratory species and a nesting site for many birds, including the flamingo**, which has chosen this stunning environment as home to one of the few large colonies in Europe.

USEFUL INFORMATION
Duration: 2h00
Meeting point: Stazione Foce, Comacchio

THE COMACCHIO SALTWORKS

Accompanied by our environmental guides, we will visit the old saltworks of Comacchio. Spanning over 500 hectares, it preserves a system built during the Napoleonic era and stands as evidence of the role Comacchio has played in salt production since ancient times. Salt extraction was halted in 1984; due to the absence of human activity and thus of disturbance, the Salina has become an ideal nesting site for many species of waterbirds, including flamingos.

USEFUL INFORMATION

Meeting point: Saltworks entrance, Via della Salina (access from SS 309 Romea)

GUIDED TOURS OF THE OASES OF THE PO DELTA PARK

BIKE TOURS

THROUGH THE ESTE ESTATE

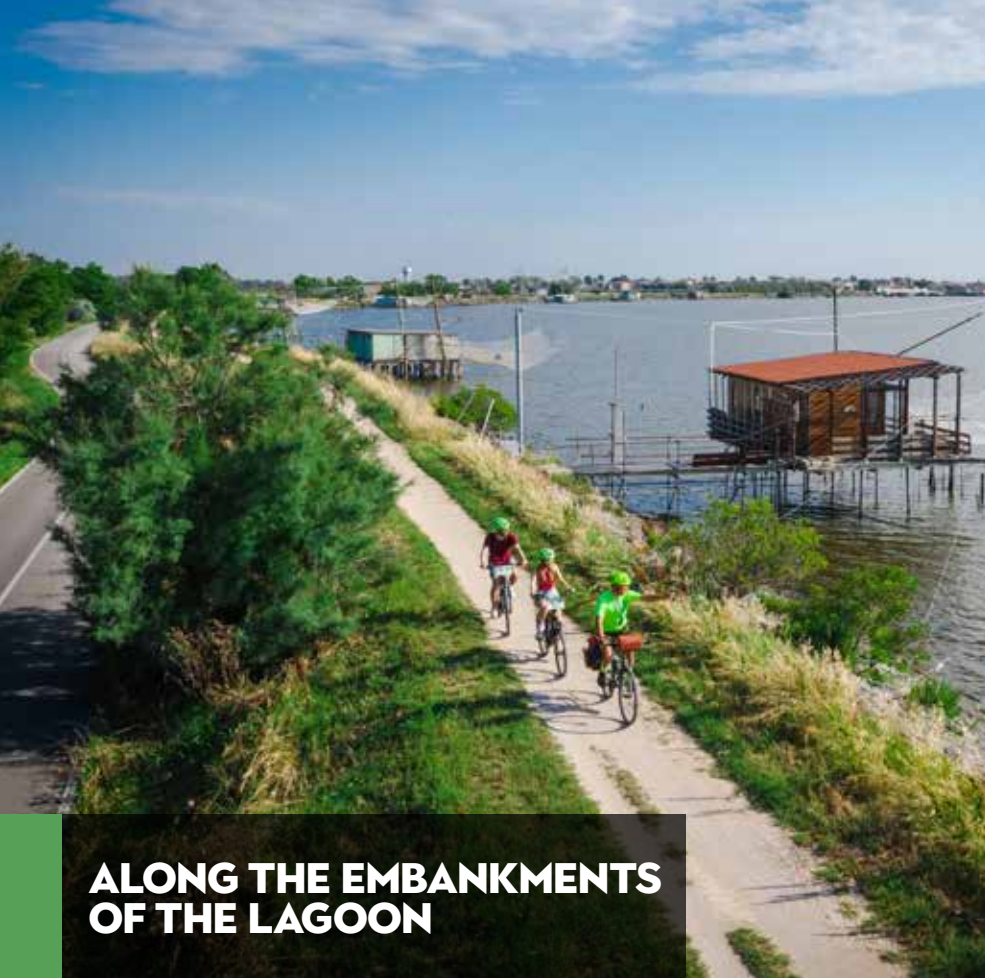

A circular cycling route that follows the path of the ancient walls which, during the Renaissance, surrounded the Castle of Mesola and enclosed marshes and forests.

Starting from Torre Abate, a Nature Oasis located in Santa Giustina, the route follows the Canal Bianco cycle path to Mesola, where the Estense Castle stands – a “delizia” (ducal pleasure residence) built along the Po di Goro. The ride continues along the Destra Po cycle path, which runs beside the river, reaching the forest of Santa Giustina, once the hunting reserve of Duke Alfonso d’Este.

USEFUL INFORMATION

Duration: 2h30 /3h – 15 Km

Meeting point: P.zza Bruno Rossi, Santa Giustina

ALONG THE EMBANKMENTS OF THE LAGOON

A route along the embankments of the Comacchio Lagoon, with stops planned for birdwatching the numerous species that inhabit this area and for learning more about the unique vegetation of the brackish environments. The route will pass by the saltworks area, a place of great historical and natural importance, while at Stazione Foce, visitors can discover the traditional technique of eel fishing.

USEFUL INFORMATION

Duration: 2h30 – 20 Km

Meeting point: to be arranged (Comacchio)

ARGINE DEGLI ANGELI, BETWEEN LAND AND WATER

Starting from the seaside resort of Lido di Spina, you will ride your bike along the new cycling route surrounded by water, a narrow strip of land offering an incredible panorama. Immersed in the extraordinary nature of the Comacchio Lagoon, you will cross Valle Lido di Magnavacca and Valle Furlana until you reach Stazione Volta Scirocco, which connects the lagoon to the embankment of the Reno River. After a short stop, you will return to Lido di Spina.

***There is the option to extend the route to a full day by cycling a circular itinerary around the Comacchio Lagoon.** Starting from Comacchio, you will reach the Agosta embankment and the embankment of the Reno River, then return along the narrow strip of land that crosses Valle Furlana and Valle Lido di Magnavacca.

MUSEO DELTA ANTICO

MUSEO DELTA ANTICO GUIDED TOUR

The Delta Antico Museum showcases archaeological finds from the region, spanning from the Protohistoric era to the Middle Ages.

The Po River, along with its many navigable canals and land routes, has served over the centuries as a vital commercial and cultural link between Mediterranean civilisations and continental Europe. Particularly noteworthy are the sections dedicated to the Etruscan city of Spina, featuring artefacts from the settlement and the richly adorned tombs; to the Roman world, with the remarkable cargo of the Roman ship discovered in Comacchio in 1981; and to the early medieval origins of Comacchio as a commercial hub and episcopal seat..

MANIFATTURA DEI MARINATI

MANIFATTURA DEI MARINATI GUIDED TOUR

The historic Manifattura dei Marinati represents an important part of Comacchio's history, as it revived the entire processing cycle of eels and "acquadelle" (silversides). The tradition and processing of eel are among the defining features of this lagoon city. Thanks to the restoration of this impressive factory complex, located in the historic centre of Comacchio, the "fish factory" has been reborn. Today, Comacchio's pickled eel is officially recognised as a Slow Food Presidium.

CASA MUSEO REMO BRINDISI

CASA MUSEO REMO BRINDISI GUIDED TOUR

This museum houses the rich art collection of master painter Remo Brindisi (1918–1996): a remarkable ensemble of works representing the main national and international artistic movements of the 20th century.

Located in Lido di Spina, between the coastal pine forest and the beach, the building is a striking example of modern architecture, designed in the early 1970s by architect and designer Nanda Vigo, at the request of Brindisi himself. Inaugurated and opened to the public in 1973 under the name Museo Alternativo Remo Brindisi, the structure served a dual purpose: a summer residence and a museum to house the artist's valuable collection.

The building is truly unique, featuring a large central cylinder that connects the different floors, where living quarters, studio spaces, and exhibition areas are distributed.

POMPOSA ABBEY

POMPOSA ABBEY

In 2026, Pomposa Abbey, one of the most important monastic complexes of the Middle Ages, celebrates the millennial anniversary of its consecration.

Situated in the heart of the ancient Po Delta, the Abbey showcases the Benedictine community's remarkable ability to transform a wild landscape into a centre of deep spirituality and monastic culture. **Over the centuries, it has welcomed many distinguished figures, including Guido d'Arezzo, the monk who invented the seven-note system of musical notation, forever changing the course of music history.**

Visitors can explore the monastery's most significant spaces: the basilica, the refectory, and the chapter house.

FERRARA

FERRARA BETWEEN THE MIDDLE AGES AND THE RENAISSANCE

A tour through the most emblematic sites of Ferrara's historic centre, a UNESCO World Heritage Site that perfectly reflects the balance between medieval and Renaissance periods.

Starting at the Este Castle, an imposing fortress and the ultimate symbol of the court's power and patronage, the itinerary continues through the city's central squares, such as Piazza Savonarola and Piazza Trento e Trieste, with stops at the Cathedral and the Ducal Palace.

The tour then winds its way through the medieval streets of the oldest part of the city and the former Jewish Ghetto, concluding with a view of the monumental Corso Ercole I d'Este, the central axis of the so-called Addizione Rinascimentale.

As an alternative to the Este Castle, it is also possible to visit the Palazzo Schifanoia, the Cathedral Museum, or Casa Ariosto.
